Military Film Screening & Reception Aboard USS Midway

OCTOBER 23, 2021

Our military men and woman have fought to secure the freedoms of our Nation, now they have returned home to different types of battles, one they often can't fight on their own. It is our turn to step up to the front lines alongside these heroes and support them in navigating this new territory.

San Diego Intl Film Festival is proud to partner with RTAG, a Veteran run organization that helps Military Veterans find post-service employment. Join us aboard the USS Midway for a Pre-screening Cocktail Party followed by a Premiere screening of *Hornet's Nest* and panel discussion with Filmmakers.

Journalists Mike and Carlos Boettcher follow North American troops during nine harrowing days of combat in Afghanistan.

Film Festival Attendees

Affluent and educated individuals who support the men and women of the military

RTAG Military Attendees

Active and former active duty military personnel.
